

Digital preservation at St George's: who we are

Collaboration between

- Research Data Manager
- Records Manager
- Archivist

to ensure long-term
preservation of digital materials
across St George's

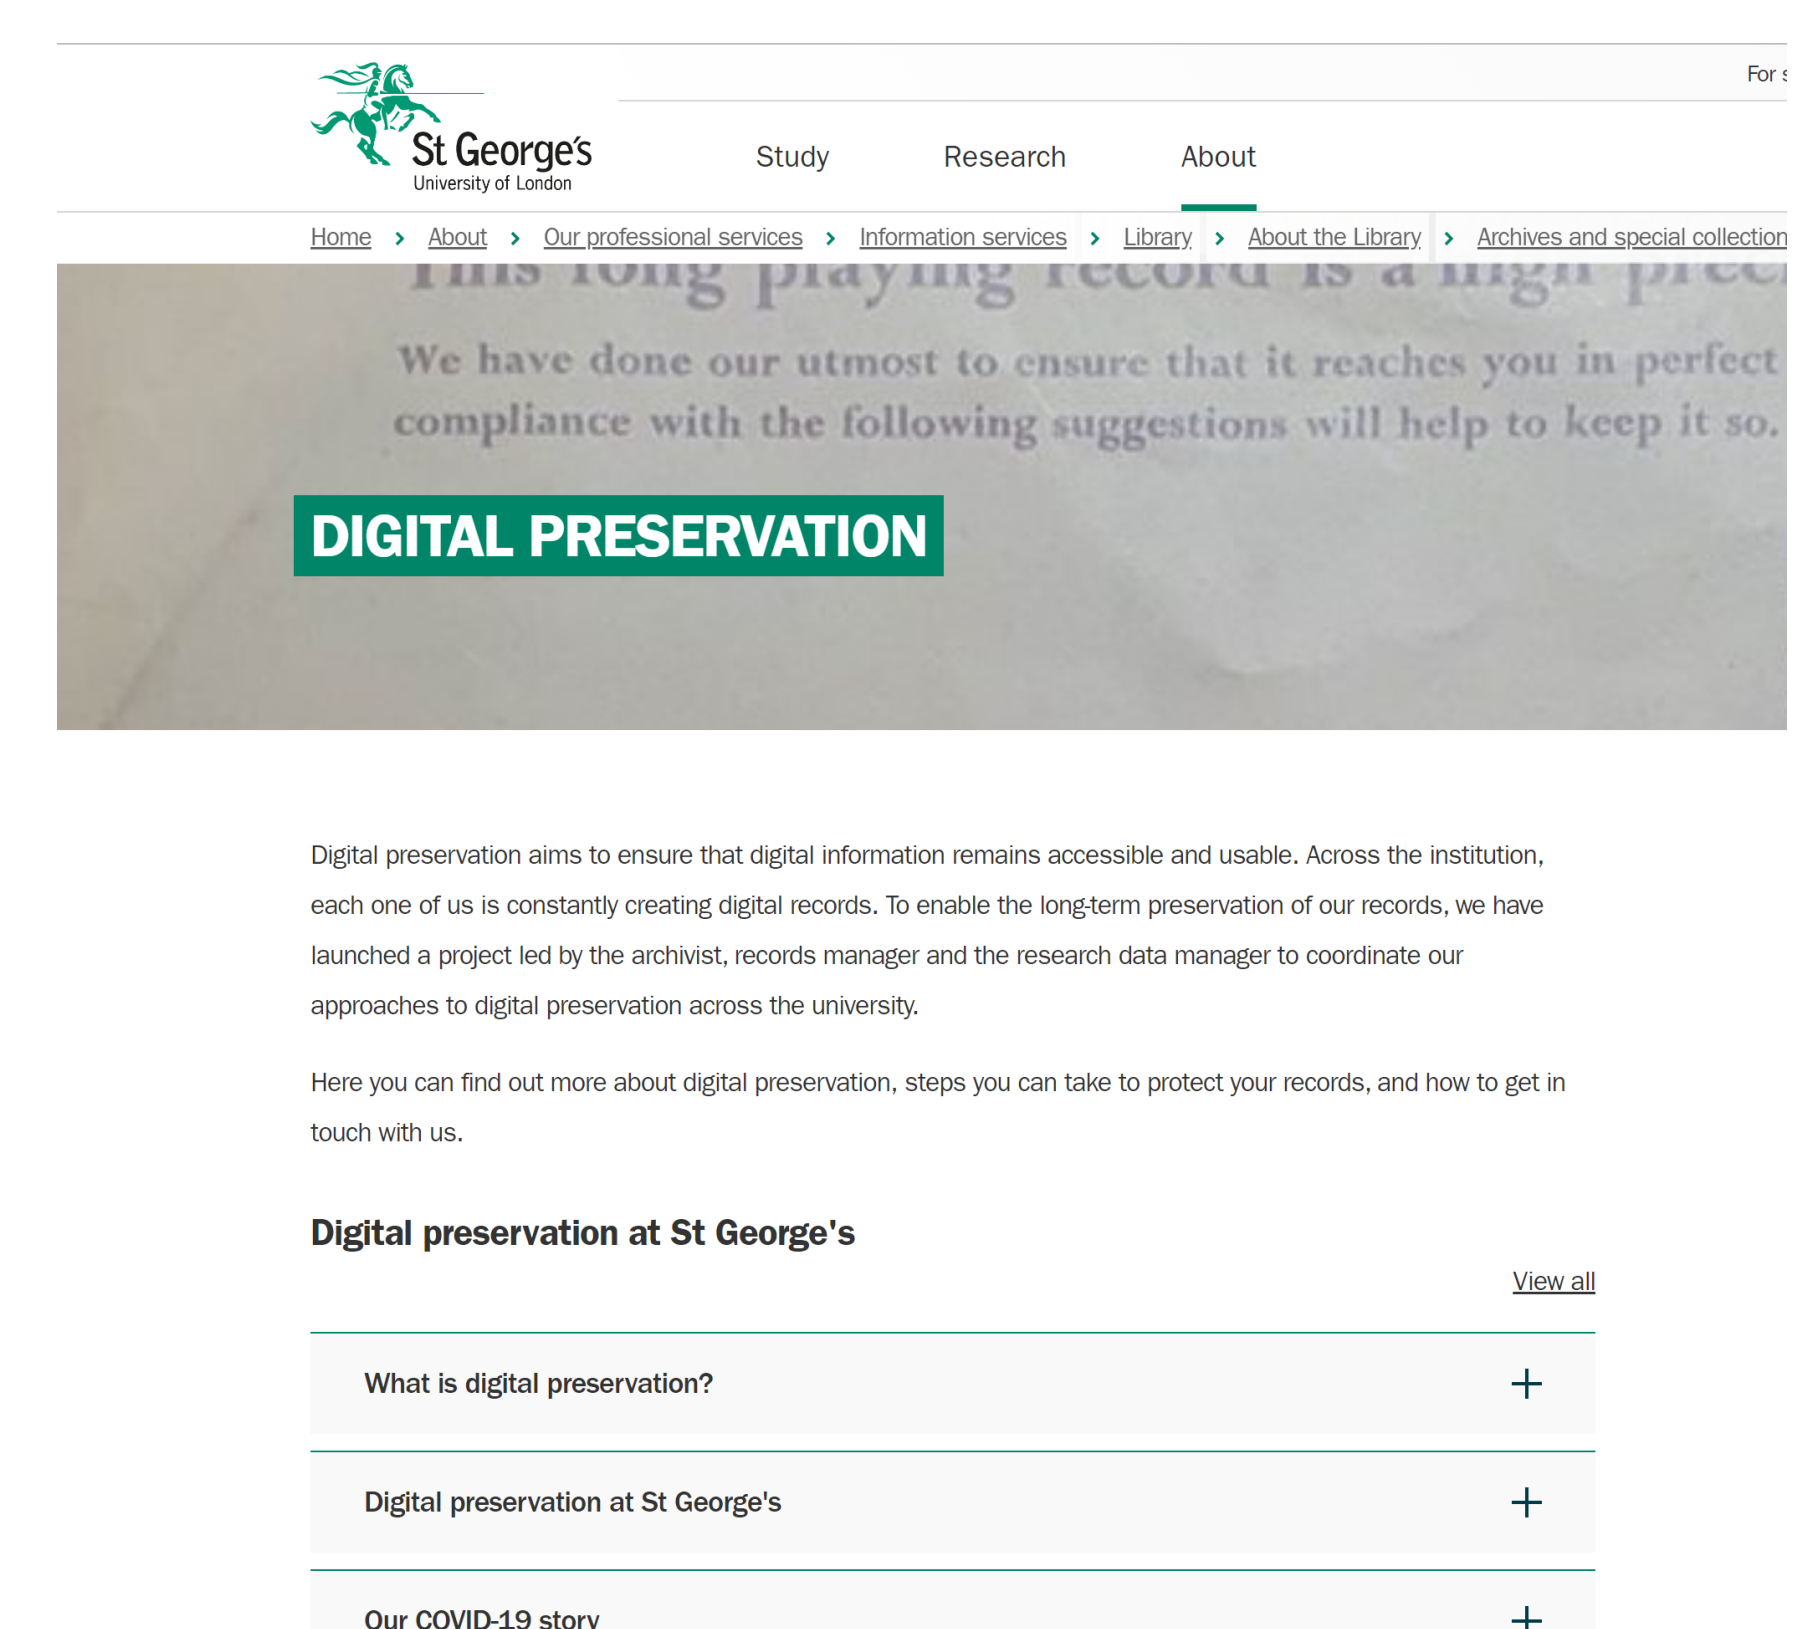

Sharing knowledge with...

Our project board includes members from across the university, including

- Information Services
- Governance, Legal and Assurance Services
- External Relations, Communications and Marketing
- Joint Research Enterprise Services

We preserve

- Research data
- Records created across the university relating to governance, education, research...
- Digital heritage
- ... and much more
